Wall-mounted condensing instantaneous water heater

ICW-25/35/60

Maximum working pressure 10 bar • Energy efficient, modulating burner • High-efficiency **96%** (gross) • Stainless steel heat exchangers • Low NOx • Maximum set point 75°C • Equipped with a LCD display with stand-by option • Displays water temperature, self-diagnostics of components and options • Electronic ignition • Small foot print and easy to handle due to low weight • Room-sealed product • Suitable for natural gas and propane

Features and options

- Maximum working pressure 10 bar
- Energy efficient, modulating burner
- High-efficiency 96% (gross)
- Stainless steel heat exchangers
- Low NOx
- Maximum set point 75°C
- Equipped with a LCD display with stand-by option
- Displays water temperature, self-diagnostics of components and options
- Electronic ignition
- Small foot print and easy to handle due to low weight
- Room-sealed product
- Suitable for natural gas and propane
